of IT leaders find it a challenge to find balance between business innovation and business excellence.

58%
of CIOs say helping business innovation is a core part of their job.

ensono®

VISIBILITY AND INSIGHTS TO OPTIMIZE AND MODERNIZE

It's about delivering insights that you can use. For example, Ensono clients have realized significant savings by retiring hundreds of redundant and obsolete applications, or right sizing data capacity to lower monthly billing. Ensono Envision frees your team to focus on innovation and high-impact transformative initiatives.

SIMPLIFY WHILE ENHANCING VISIBILITY

Ensono Envision combines operations management, service management, cloud management, security governance and financial management into a single online experience. **Ensono Envision helps with immediate optimization and with transformation.**

Improve Visibility: Reduce incidents, enhance service. Improve control across applications and infrastructure with location- and platform-agnostic access. Remove barriers by identifying gaps in monitoring and increase efficiency with monitoring tools that simplify reporting, reduce incidents by 95% and reduce resolution time.

Optimize Costs: Enhance performance and security with predictive analytics and risk mitigation. Optimize costs with insights on app and infrastructure interdependencies. Improve investment ROI with insights on business consumption across applications and venues, identifying trends and opportunities in your spend, making data-driven decisions about your infrastructure and providing application level insights. Accurately monitor and manage the cost of your cloud platform, so that usage is properly optimized.

Increase Focus: Simplify and standardize IT. Our trusted expertise and proactive collaboration allows you to focus on your core mission. We streamline using widely accepted standards and best in class tools that improve insight delivery. We ensure future adaptability with our continuous investment in Ensono Envision.

WHAT SETS ENSONO APART

WE BRIDGE YOUR OLD AND THE NEW

We amplify the power of your mainframes and midrange servers with the agility of cloud.

WE WALK THE TALK ON CONTINUOUS INNOVATION

We incentivize our associates to deliver five areas of improvement and five risks every month to future-proof your IT roadmap.

WE EARN YOUR TRUST WITH OUR EMBEDDED GOVERNANCE

Our continuous commitment and investment in research and the latest technologies, like machine learning, power intelligent, automated governance across all your venues.
